

**LOUDBON:**

Friday Morning: June 10, 1853.

**RAILROAD MEETING AT LOUDON.**

There will be a meeting of the citizens of Roane and Monroe counties held in Loudon, on Saturday the 11th inst., at 1 o'clock, P. M. for the purpose of taking action relative to the Roane Gap, and the E. TENN. & KENTUCKY CENTRAL RAILROADS.

A full attendance is earnestly desired.

Dr. J. Grant sends us some specimens of STONE COAL, just discovered in Clinch River near the mouth of Hickory Creek, in this county. It is supposed that large beds of this valuable article might be found a short distance up the River, as the specimens found, have the appearance of having been carried down a small distance by the current.

It would be hard to estimate the vast amount of Coal that a Railroad through Winter's Gap would throw into market. Within 23 miles of this place, in that direction, is enough Coal to supply any demand. The quantity is not only great, but its quality is equal to any in the Union, and commands a premium in market. There should be a Railroad from this place to the Coal region at Winter's Gap whether the Kentucky Road be built or not. We believe it would yield a handsome profit upon the stock required to build the Road, and it certainly would greatly increase the freights upon the E. Tenn. & Georgia Railroad.

See the advertisement of Messrs. Edwards & Harris, Wholesale Grocers & Commission Merchants, Nashville, Tennessee. They advertise liberally, which shows they are men of liberal views, and that is the kind of men to go to for liberal bargains.

P. D. Gates, Produce & Commission Merchant, New York, is favorably known to our readers. He advertises in to-day's paper a fine lot of *Agricultural Implements*. We hope our Merchants and Farmers, when they wish to order such articles, will give Mr. Gates preference.

**FOURTH OF JULY.**

We are requested to state that the Division Sons of Temperance, at Loudon, will celebrate the approaching 4th of July, by a procession and appropriate addresses. Members of neighboring Divisions are invited to be present.

Seventeenth.—It is believed by some folks that the Loudon Free Press is one of the best papers in East Tennessee. Would it not be appropriate to have one of the best list of subscribers? Nothing like a fitness in things.

Mr. Green is going to leave Loudon in a few days. Those wishing new daguerotypes, would do well to call immediately.

Mr. Marvel says, after hearing a dull sermon preached by a dandy, he asked a friend what he thought of the discourse. He replied in his usual quaint queer style—"If they go on preaching this way, the grays will soon be knee deep in the streets of Heaven."

**GOLD MINES IN TEXAS HUNDRED.**  
The Memphis Eagle and Enquirer of the 26th inst. from a gentleman of undoubted veracity, who arrived the day before on the steamer "Empire" direct from Galveston, that the report of extraordinary gold discoveries in Western Texas is an UNMITIGATED HUMBO, got by land owners to enhance the value of their land property in the reputed gold region.

**THE CANVASS.**

SPARTA, June 1.

**Editor of the Banner:**  
DEAR SIR:—The canvass for Governor, opened here to-day, between the opposing candidates, in the presence of a very fine audience, a large majority of whom were Whigs.

Major Henry left off in a speech of one hour and a half, in his usual happy and eloquent manner. And when I say this, I don't say it in propriety close this letter. But for fear I may be considered partial, I will give you the points of the rival candidates, made in their opening speeches.

Major Henry alluded with great force and power to the political struggles in Tennessee, from 1836 to the present time, and the part he had taken in them. That this was the first time he had come before the people of the State, and he called upon Whigs every where to sustain him, as he had sustained them. He then took up the question of the distribution of the public lands amongst the States, and showed most forcibly, that if these lands were distributed, after giving to each poor man who was not the owner of a home, 200 acres of the public domain; the State of Tennessee would realize enough from this source, to educate every poor boy and girl in the State, and still the State would have a sufficiency left to complete our desirable system of internal improvements, without calling upon the people for one dollar. The Major is decidedly for the Congressional Homestead bill, upon just and equitable principles, and he argues the question well. He alluded very forcibly to the objections of the speakers of the Democratic party and presses, to Gen. Scott before the late Presidential canvass; that if Scott was elected, he would fill all the important offices with Freeholders and Abolitionists; and took particular notice of the appointments of President Pierce; that Mr. Pierce had done just what these speakers and presses had said Scott would do if he should be elected, and now we heard no murmurs from them upon this subject. And concluded his hour and a half by an appeal to the Whigs to stand firm and once more rally for their principles and the country.
